Building a Topographic Map of the Indigo Shire

Determining Users Needs

You have been asked to build a topographic map of the Indigo Shire that can be used by residents and visitors to navigate between places of interest using their mobile phones.

Listing Design Features

The map should display the following features, their attributes and symbology:

Feature	Attributes	Symbology
Roads	Type, Names	Red
Watercourses	Names	Light Blue
Waterbodies	Names	Light Blue
Forested Areas		Light Green
Contours	Elevation	Light Grey
Places of Interest	Names	Orange

Gathering Spatial Data

Before building your map you need to gather layers of the features above. They are available from the <u>Victorian Government Datamart</u> Web-Site.
